CoreStar 30 Bay Charging Cart

Introducing our 36 and 30 Device Charging Cart – the perfect solution for schools, offices, and tech-heavy environments needing a secure, efficient, and high-performance charging station for all devices.

65W USB-C Charging per Slot
Each of the 30 slots delivers powerful 65W USB-C charging, ensuring your devices charge quickly and reliably.

Pre-Wired Compartments
No AC Adapter needed. Each compartment comes pre-wired with a USB-C cable. A true plug and play technology.

Active Cooling System
Equipped with active cooling technology, this cart prevents overheating and maintains optimal performance, even during intensive charging sessions.

Effortlessly manage and charge your devices with the ultimate charging cart solution, designed for flexibility and top-tier performance.
Features and Benefits

65W USB-C Charging per Slot
Each of the 30 slots delivers powerful 65W USB-C charging, ensuring your devices charge quickly and reliably.

Pre-Wired Compartments
No AC Adapter needed. Each compartment comes pre-wired with a USB-C cable. A true plug and play technology.
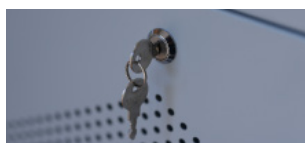

Active Cooling & Venting System
Equipped with active cooling technology, this cart prevents overheating and maintains optimal performance, even during intensive charging sessions.

Smart Power Management
Our smart power system allows for optional timing settings, helping you manage energy consumption effectively and protect your devices from overcharging.

Three-Point Locking System
Keep your devices secure with a three-point locking mechanism designed to prevent theft and unauthorized access.

5-Inch Locking Casters
Move the cart smoothly between rooms, and lock the casters in place for stable, secure charging wherever you are.

Available in Multiple Configurations
Choose from 36 bays or 30 bays to fit your specific charging needs.

Durable and Reliable
Comes with a 3-year warranty on the frame and a 1-year warranty on electronic components, ensuring peace of mind for years to come.
